

Submit your manuscript via one of the following ways:

1- [SCIENCELINE Online Submission Form](#) 

2- [JCEU Online Submission Form](#) 
(If you can't see the submission form, please use VPN)

If there is more than one supplementary files, please send them via emails after the initial submission.

Please visit [J](#)

[CEU instructions](#)

prior to submission.

Meanwhile, if the authors believe the manuscript is fully edited per journal style, they can prepare the article using

[MS Word template](#)

to modify the page layout, text formatting, headings, title page, image placement, and citations/references.

CHECKLIST prior to initial submission:

- Authors must ensure that they have available the following items, otherwise submissions may be returned.

- The complete manuscript (.doc/.docx) including title page and abstract, and also high-resolution graphs, figures, schemes, equations and, if complex, tables at the end of main text. Please make sure that each figure etc is clearly labelled with its number.

- Between two and six keywords or short relevant phrases

- The text adheres to the bibliographic requirements outlined in the [Author Guidelines](#) .

Where available, URLs for the references should be provided.

- Supplementary data should be in a file(s) separate from the main manuscript file.

- The submission has not been previously published, nor is it before another journal for consideration.
